Oh I do like to stroll along the prom prom prom  
Where the brass bands play, tiddly om pom pom  
Oh just let me be beside the seaside, I'll be beside myself with glee  
There are lots of girls besides, I should like to be beside,  
Beside the sea side, beside the sea.

The captain said it will never never do, on the last day of September

The big ship sank to the bottom of the sea, the bottom of the sea, the bottom of the sea,

### **I think I've seen a submarine**

I think I've seen a submarine said the oyster to the crab  
It's painted a funny colour and I think it had a flag  
It was going round in circles and it didn't know what to do  
That funny little submarine sailing in the blue!

A submarine, a submarine, sailing in the blue  
That funny little submarine, didn't know what to do

Row row row your boat  
Gently down the stream  
Merrily merrily merrily merrily  
We'll be home for tea

### **I am a weed**

My summer garden has lots of flowers, roses red and roses white  
The green grass is perfect, not too long just the right height  
So what is it that's hiding, by the garden edge  
It's a different kind of flower and this is what it said...

I am a weed, I grew from seed. I am a weed, W double E D.  
I'll take over the garden given half a chance  
You better watch out, us weeds are about to lead you a merry dance!

The garden looks so pretty as the bumblebees fly by  
The border's neatly tended and everything looks so spry  
So what is it that's hiding, by the garden's edge  
It's a different kind of flower and this is what it said...

I am a weed, I grew from seed. I am a weed, W double E D.  
I'll take over the garden given half a chance  
You better watch out, us weeds are about to lead you a merry dance!

### **Ride a cock horse**

Ride a cock horse to Banbury Cross to see a fine lady upon a white horse  
Rings on her fingers and bells on her toes and she shall have music wherever she goes

### **If you're gonna travel far**

If you're gonna travel far to a planet or a star, there is one thing that you need, it's fundamental  
To get you off the ground at twice the speed of sound a rocket is really quite essential  
We can build it today and then we'll fly away, take a trip to Mercury or Mars  
It might make a bang and the odd scary clang but soon we'll be flying round the stars.

Oh yeah, we're gonna take ourselves a space ride and watch as the stars slide by  
Oh yeah we're gonna take ourselves a space ride, take a trip and watch the worlds go by

We will build it tall and thin out of corrugated tin, springs and things and spare parts,  
With knobs light and dials it will fly for miles and miles, if we get it all to start  
If we finish it today, we'll be on our way, do you want to come along for the ride?  
It might make us choke with the sparks and the smoke, but it's guaranteed to stupefy!

Oh yeah, we're gonna take ourselves a space ride and watch as the stars slide by  
Oh yeah we're gonna take ourselves a space ride, take a trip and watch the worlds go by

If you're gonna travel soon to a planet or the moon, there is one thing that you need, it's fundamental  
To get you off the ground at twice the speed of sound a rocket is really quite essential  
If we finish it today, we'll be on our way, take a trip to Mercury or Mars  
It might make a bang and the odd scary clang but soon we'll be flying round the stars.

Oh yeah, we're gonna take ourselves a space ride and watch as the stars slide by  
Oh yeah we're gonna take ourselves a space ride, take a trip and watch the worlds go by!

### **On our way to mars**

If you go to Mars for the weekend I think you'll like the ride  
The spaceship's very cosy with lots of room besides  
The driver comes from Venus but you won't see much of him  
He's got three heads and twenty four legs all covered in purple skin

We're off, we're off, we're off to see the stars  
We're going away for the weekend, we're on our way to Mars  
We're off, we're off, we're off to see the stars  
We're going away for the weekend, we're on our way to Mars

The moon is made of cream cheese I wonder if that's true?  
I've never been there but maybe next year I'll take a trip with you  
We're off to Mars for the weekend I think you'll like the ride  
The spaceship's very cosy with lots of room besides

### **The Incy Wincy Spider**

The incy wincy spider went up the water spout  
Down came the rain and washed the spider out  
Out came the sun and dried up all the rain  
Now incy wincy spider went up the spout again

Horsey Horsey don't you stop

Horsey horsey don't you stop, just let your feet go clippety clop  
Your tail go swish and your wheels go round, giddy up, we're homeward bound.
